DETAILED ACTION

Response to Amendment

1. Applicant's amendment has overcome the rejections under 35 USC 103. However, applicant's amendment has included changes that now cloud the scope of the claims.
2. Claims 1-14 are objected to because of the following informalities: Claim 1, "frime" should be --frame--.. Appropriate correction is required.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claims 1-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 has been amendment to delete the limitation "said abrasive elements comprising a laminar abrasive element connected with said winding element through". However, further in claim 1, "each laminar element", claims 3 and 6, "said laminar abrasive element"; claims 4 and 5, "the laminar abrasive element". These limitations have insufficient antecedent basis, and cannot be understood to the point that the scope of the claim is readily defined. Applicant may overcome this rejection by claiming that the abrasive elements are laminar abrasive elements.

Allowable Subject Matter

5. Claims 1-14 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Response to Arguments

6. Applicant's amendment has overcome the rejections under 35 USC 103.

7. Applicant's arguments with respect to claims 1-14 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
